A NARROW ESCAPE.

Conservative Government Has a Close Call in the House of Commons.

London, June 18.—In the house of commons the government narrowly escaped defeat in the course of the discussion of the license bill.

Henry Broadhurst (Advanced Liberal) proposed a new clause to the bill which was drafted with a view of compelling publicans to supply the reasonable demands of travelers for refreshments other than intoxicating liquors. The government opposed the clause, but several Unionist members supported it with the result that it was rejected by a vote of 173 to 154, the government majority falling to 19.

ESCORTS FOR GIRLS.

Novel Proposition of a University Student Agent For Theaters.

The other morning when several University of Chicago "co-eds" came across the campus from their quadrangle the first thing that met their amazed gaze was the following notice in large letters posted on the official bulletin board in front of Cobb hall, says the New York Times:

UNIVERSITY THEATER AGENCY.

SPECIAL INDUCEMENTS.

Young women of the university securing tickets from this agency will be provided with a pleasant and agreeable escort, carefully selected from the elite of the student body. This arrangement may be had by the payment of 15 cents commission to the agent and car fare for the young man when you buy the tickets.

The notice was signed by a young man who acts as a "student agent" for several downtown theaters.

TO KILL KING EDWARD

STORY CURRENT IN LONDON OF A PLOT TO ASSASSINATE BRITAIN'S RULER.

CANNOT BE CONFIRMED

According to the Rumor the Sudden Illness of His Majesty at Aldershot Was Merely an Excuse for Withdrawing Him From Public Functions Owing to the Discovery by Scotland Yard of Assassination Plot.

London, June 18.—A sensational story is current in London of the discovery of a plot to assassinate King Edward. This story has created considerable discussion in newspaper and other circles, but it is lacking in anything like official confirmation.

According to the current report King Edward's sudden illness at Aldershot was not due to a cold, but was merely an excuse for withdrawing his majesty from public functions owing to the discovery by Scotland Yard of a plot against his life. The principals in this plot have not yet been arrested.

It is cited in confirmation of this story that King Edward's recovery when he was ensconced at Windsor castle was as complete and speedy as his attack had been sudden.

On the other hand, it must be pointed out that if his majesty's illness was merely diplomatic, the officials certainly took a great deal of trouble in keeping up the fiction. Sir Francis Laking, physician in ordinary to the king, was summoned by telegraph to Aldershot; his prescriptions were hurriedly filled, and everything about the king's ailments indicated the genuine nature of his illness. Furthermore, King Edward's journey from Aldershot to Windsor in his motor car and his subsequent drive in Windsor Park do not seem to indicate any fear of a further attack upon his person.

At Scotland Yard the utmost reticence was maintained concerning these rumors. It was noticeable, however, that the chief inspectors, who usually return home at night, were all on duty there and while they refused to see newspaper reporters, they declined either to deny or confirm the rumor.

King Edward's drive to Frogmore in the afternoon in a closed carriage, attended only by a gentleman of the household, was quite unprecedented and a great surprise to the spectators. The sun shone brightly at the time and his majesty appeared delighted to be out again, and bowed graciously and smilingly in return to the salutes from the crowd.

CALL HARD NAMES.

Bitter Exchange of Vituperations in the French Chamber.

Paris, June 18.—Disorderly scenes occurred in the chamber of deputies during the discussion of the verification of the election of M. Syveton (Nationalist), who defeated M. Mesurier (Radical-Socialist). M. Bertheux (Radical-Socialist) opposed the validation, accusing the Nationalists of engaging in a violent campaign of insult and calumny against the Republicans. The speech led to interruptions from Count de Dion and M. Syveton, followed by uproarious altercations between the Nationalists and Radical-Socialists. Count de Dion threatened M. Bertheux with his fist and M. Coustant (Revolutionary-Socialist) insulted Count de Dion, calling him an imbecile, and, when called to order, M. Coustant said he would break the count's jaw. When M. Syveton rose to reply his voice was drowned by the noise caused by the banging of desk lids by the Leftists. After a semblance of order had been restored M. Bertheux moved that "the chamber, reproving the anti-patriotic campaign of the candidates of the Nationalist society, La Patrie Francaise, asks for an investigation of M. Syveton's election."

M. Syveton replied, amid frequent interruptions from Raymond Lagueye (Radical-Socialist), who at one point called him a liar. The motion was put to a vote and during the scrutiny the Left and Right members exchanged vituperations. Finally, amid the greatest excitement, the motion was adopted.

THANKS THE BOER GENERALS.

Lord Kitchener Pleased With the Completeness of the Surrender.

Pretoria, June 18.—Lord Kitchener has sent the following identical telegram to Generals Botha, Delarey and Dewet:

"Now that the surrender of the burghers is completed, I desire to place on record my high appreciation of the unflinching energy and unfailing tact with which you have facilitated the work of my commissioners. I recognize how much is due to your exertions that the burghers have ever displayed such a loyal spirit in accepting the change of government, and I can inform you that the manner in which the burghers have surrendered has greatly pleased his majesty the king, and deeply impressed the British people, who are heartily anxious to welcome them as fellow citizens. I feel confident that a new era of complete reconciliation between all races has now dawned in South Africa."

DUEL TO THE DEATH.

Contest Over an Oklahoma Land Claim Terminates Fatally.

Oklahoma City, Okla., June 18.—E. W. Johnson, vice president of the Classen Real Estate company, and who served through the Cuban campaign with the rough riders, was shot and killed here by W. T. McMichael, as a result of a contest over a land claim. Before he died Johnson shot and fatally wounded McMichael. McMichael was arrested. There was talk of lynching McMichael until it was learned that his wound was fatal.

The shooting took place in Woodlawn addition, in the eastern end of the city. McMichael had been contesting for twelve years the homestead right to 160 acres of land in the addition. He was defeated in all the courts and in Washington, but was never ejected from his claim, where he lived with his wife and children. Cortez Brown and E. E. Brown, editors of the Times Journal, bought lots in the addition through Johnson's company and were improving them. Brown and Johnson attempted to lead away a cow placed on Brown's lots by McMichael, when McMichael fired without warning at Johnson. Johnson fell with a bullet in his head, and Brown drew his revolver and began firing at McMichael, and finally Johnson, dying, raised himself up on his elbow, rested his pistol on his wrist and fired twice at McMichael. One shot struck McMichael in the abdomen, the other going wild, and he dropped his revolver and ran for aid. Johnson died in ten minutes. None of Brown's shots took effect and he was unhurt. A big crowd gathered and there was a move to lynch McMichael, but when it was found he had been wounded, perhaps fatally, they desisted.

RULING IN BIG MINING SUIT.

United States Court at Sioux Falls Refuses to Set Aside Judgment.

Sioux Falls, S. D., June 18.—Judge Carland of the United States court overruled the motion asking that a judgment of \$7,000 against the property of the Harden Mining and Manufacturing company, in the Black Hills, be vacated. The judgment is secured by Charles B. Kelly on a loan to Hiram T. Gilbert of Chicago, president of the company.

James D. Harden, the principal stockholder in the gold mine, which is worth \$50,000, asked that the judgment be vacated on the ground that Kelly and Gilbert had entered into a conspiracy to secure possession, and that the \$7,000 borrowed of Gilbert was on his personal account, and not for the mining company. Porter & King of this city, who represent the holder of the judgment, argued in substance that as the judgment was entered and taken during the September, 1901, term of federal court, it could not be set aside or modified during the subsequent term.

Judge Carland decided that the judgment should stand on its merits. The case will have to be determined at a future hearing.

DR. AMES INDICTED.

Minneapolis Mayor Accused of Offering a Bribe.

Minneapolis, June 18.—Mayor Ames, who has for the past twenty-five or thirty years enacted various roles before the public in the city of Minneapolis and the state of Minnesota, was forced to stand before the bar of justice in Hennepin county and listen to the reading of an indictment which charged him as a public official with offering a bribe.

The indictment, stripped of its legal verbiage, accuses Dr. Ames of offering a bribe of \$1,500 to County Commissioner Edward P. Sweet, on condition that Edward P. Sweet vote for Thomas R. Brown, Jr., for the office of sheriff of Hennepin county.

After the reading Attorney Jackson asked for time to enter a plea to the indictment, and such time was set for Monday, June 23, at 10 o'clock a. m. Bail was fixed at \$5,000 by Judge Simpson, which was furnished.

MOB LACKS A LEADER.

Crowd Surrounds the Vincennes (Ind.) Jail to Lynch a Prisoner.

Terre Haute, Ind., June 18.—A mob is after William Edison in Vincennes jail. The fire department has been called out to assist the police in dispersing the mob.

William Edison is in jail at Vincennes charged with raping a four-year-old girl in that city a month ago. He was brought to this city for safe keeping. Excitement having subsided he was returned to Vincennes last Sunday. The mob that has gathered to lynch him seems to lack a leader.

Norbeck Disappears.

Minneapolis, June 18.—The closing scene in the bribery trial of Christopher C. Norbeck, that has occupied the attention of the court for the past week, has been brought to a sudden halt. The court room was crowded, the attorneys for the state and the defendant were all present, and after waiting for a brief period Attorney Erwin arose and said that he was unable to tell the whereabouts of his client and his bail of \$5,000 was declared forfeited and a bench warrant issued for his arrest.

The Farmers' Best Investment.

The extension of the rural delivery of mail is bringing the good roads question home to every farmer. The government is perfectly willing to assume the expense of free mail delivery over good highways, but is not ready to build roads over which to carry the mails. Good roads throughout the country are the best investments the farmers can make.

BEET SUGAR SENATORS CONFIDENT NO CUBAN LEGISLATION WILL PASS.

INTEREST IN CONFERENCE

Republican Opponents to Reciprocity Claim the Decision of the Meeting Will Be Adverse to Any Action Whatever in the Interest of Cuba. Friends of the Measure Assert the Spooner Bill Will Be Endorsed.

Washington, June 18.—Interest in the question of Cuban reciprocity centered in the conference of Republican senators to be held at the request of the Republican members of the committee on Cuban relations. With the determination to hold a conference senators appear to have largely dismissed the question from their minds and most of them have turned their attention to other questions.

The beet sugar men have been so much encouraged by recent occurrences that many of them claim that the conference decision will be adverse to any legislation whatever in the interest of Cuba. They still claim twenty Republicans who will oppose any effort at legislation on the floor of the senate, and they assert that there are many others of their colleagues who are in sympathy with them and will so express themselves in the privacy of the conference room. This showing, they believe, will be such as to convince the advocates of reciprocity of the futility of their move and cause them to abandon the effort without taking the question to the senate. The friends of the measure, however, say there can be no doubt that the conference will pronounce for the Spooner bill and that it will be reported to the senate by the committee having it in charge.

There was some renewal of the talk of a treaty with Cuba, and it was stated that it was quite probable that it would be sent to the senate before the adjournment of the present session. It is, therefore, probable that at the conference the beet sugar Republicans will be asked to say whether they would support a treaty on the lines of the Spooner bill. While they do not feel called on yet to define their position on this point, they say they once earlier in the negotiations suggested a treaty as a compromise and that it was then rejected, hence that they do not now feel under obligations to bind themselves to accept anything. The impression is strong that legislation either in the form of an act or treaty is quite out of the question for this session. Some of the reciprocity leaders freely admit this and while others do not go so far, even they admit the chances are doubtful.

RECIPROCITY EXPENDITURES.

Secretary Root Sends to Havana for a Detailed Statement.

Washington, June 18.—Secretary Root has called on Mr. Steinhardt, the representative of the war department in Havana, for a detailed statement of expenditures made on account of "reciprocity" during the military regime in Cuba.

Mr. Steinhardt was chief clerk in the office of General Wood while the latter was military governor of Cuba. When General Wood and his staff left Havana after the inauguration of the Cuban republic, May 20, Mr. Steinhardt remained with several other clerks in charge of the vouchers of the military government which were left for the inspection and information of the ac-

Posse and Convicts Exchange Shots.

Vancouver, Wash., June 18.—Bert Bissecker and Lon Davis, members of the posse chasing Tracey and Merrill, the escaped Oregon convicts, exchanged shots with them six miles east of here. Shots were fired on both sides, one bullet piercing Bissecker's clothing, but no one was hurt, and the men escaped.

Statue of "Silver Dick" Unveiled.

Lebanon, Mo., June 18.—A statue erected to the memory of Richard Parks Bland, who served in congress almost continuously from 1872 until 1899, was unveiled here with impressive ceremonies. An immense crowd gathered to hear addresses by William J. Bryan, William J. Stone and others.

Four Killed by Lightning.

UNCLE SAM'S BIG QUILT.
Novel Plan Inaugurated by a Bridge-ton (N. J.) Church.
A letter was received recently at Jefferson City, Mo., by Governor Dockery from Mrs. L. M. Moffett, who wrote in behalf of the ladies' circle of the Central Methodist church at Bridgeton, N. J., says the St. Louis Globe-Democrat. Mrs. Moffett stated that the ladies were making a quilt which was to be presented to President Theodore Roosevelt. The quilt is to have forty-nine blocks, of which forty-five will represent the several states of the Union, three will be given to Uncle Sam's new colonial possessions, and one will be devoted to the District of Columbia.
On the state blocks will be embroidered the state flower, with the name of the governor. It was to secure his signature and Missouri's floral emblem that the letter was sent to the governor. He complied with the request, designating golden rod as the flower. On the District of Columbia block will be embroidered President Roosevelt's name and the name of each member of his cabinet.

COMPANY F IN LEAD AT TARGETS

Brainerd Militia men win First Place in Third Regiment Competition.
PRIVATE OPSAHL'S GREAT SCORE.
Brainerd will Represent the Regiment in State Team Shoot in September.
Word has been received from Lake City that Company F of this city made the highest aggregate score in the regimental team shoot at known distances and will be selected to represent the regiment in the state team shoot which will occur sometime in September.
Private Opsahl made the highest score in the entire regiment. At 200 yards his score was 46, at 300 yards 48 and at 500 yards 46 points. This is an excellent showing considering the fact that it was the first time he was out with the company.
Lake City, Minn., June 17—Yesterday morning was devoted to practice with the Krag rifles, and some very good scores were made. The team shoot was commenced at 2:30, and each company sent a team of its best seven shots out to uphold the honor of the company. The regiment was paid off this morning, and at 1:50 tomorrow the Third will break camp, and leave for St. Paul by special train. Colonel VanDuzee has been very well pleased with the work of his regiment, which has simply been routine, more time having been given up to schools. There are many things for a soldier to learn besides drill, and many of these things are now familiar to the boys of the Third Very little of the regimental drill has been indulged in. This work consists mostly in marching and is unwieldy.
Major George Lambert, late adjutant general, and at present commanding the First battalion of artillery, was tendered a review of the Third regiment Sunday evening.
Mr. Gibbons of the firm of Leannon & Gibbons, of St. Paul, was a guest at camp yesterday.
Lieutenant Charles Josten and his crack drill team from Company C, the most famous drill organization in the world, have received a most flattering offer to go on the road during the coming winter season, and it has been accepted, and their business manager is now in the east arranging a twenty weeks' engagement. The loss of this drill squad will be a hard blow to the Third regiment.
Lieutenant C. A. Heins, Company H, Olivia, together with Mrs. Heins and Privates Scheer and Peterson, left for home yesterday.
During the afternoon tour of inspection the other day the inspecting officers discovered in the tent of Corporal O. A. Ness, Company D, Zumbrota, an oil painting showing the camp proper and lake, looking as far up as Maiden Rock point. The work of art was reported to Colonel Van Duzee, who sent for the picture and had it on exhibit in his quarters during the day. It was an excellent piece of work.
Mrs. C. A. Caley, of Princeton, wife of the commanding officer of Company G, has been a visitor in camp during the week, stopping in the city.
Leaving camp tomorrow at 1:30, all the companies excepting D, of Zumbrota, which transfers at Red Wing, will go direct into St. Paul, from which point they will leave for their home stations. The train is due to arrive in St. Paul at 3:45 at the union depot. Companies A and C, of Duluth, will leave for home, together with the band, at 11:10 p. m.; Company F, Brainerd, will leave St. Paul at 8 p. m., over the Northern Pacific; Company B will leave for Anoka at 4:45 p. m.; Company G, Princeton, will leave St. Paul at 4:45; Company H, of Olivia, will leave at 6:50.
The First battalion took up battalion drill this morning and the officers proved themselves so well versed in their duties that they won high compliments from their major, E. S. Person.

THE NUISANCE IS ORDERED ABATED

Mayor Halsted Yesterday Afternoon Served Notice on J. F. McGinnis to Tear Down

THE OLD FRAME STRUCTURE. Unless Building Is Razed in Forty-Eight Hours Steps Will be Taken by Authorities.

There has been added another chapter to the history of the legal controversy between J. F. McGinnis and the city as to rights of the one or the other to define certain provisions of the fire ordinance of the city.

The building in question on Seventh street being damaged by fire was attempted to be repaired but the workmen were arrested charged with violating the provisions of ordinance 71. Polk & Polk appeared for the defendants and J. F. McGinnis in the suit and they won out, Judge Blewitt holding that the ordinance was unconstitutional and exceeded the charter rights.

At the meeting of the city council Monday night the matter was referred to the city attorney with power to act.

Yesterday the fight really commenced when Mayor Halsted served notice on J. F. McGinnis declaring the building in question a nuisance and ordering that it be removed or torn down at once. The gist of the notice is in effect that the mayor had knowledge that the building situated on lots 19 and 20 in block 41 in the city which had been damaged by fire is being attempted to be repaired by J. F. McGinnis contrary to ordinance 71 concerning fires which ordinance declares that any wooden building being repaired contrary to said ordinance shall be a nuisance and upon information of the same it is the duty of the chief executive after forty-eight hours notice to the owner to abate the same, to cause the said building to be razed to the ground or removed. The notification gives the owner until tomorrow afternoon to abate the nuisance and unless he does so the mayor will start proceedings to do so himself.

Polk & Polk asked this morning what they were going to do, stated that their client, Mr. McGinnis, was going ahead to repair the building just the same and they did not see anything to prevent him.

In all probability an injunction will be secured restraining the tearing down of the building and setting forth other facts.

KATRINE.

Miss Carrie Mack is home again. She has been attending school at Anoka.

Ronald Hargrave, from Chicago, a young man well known here, is spending his vacation about the lake.

Bay Lake gets two republican delegates this year, thanks to the captain. Lets make it three next time.

Earle Archibald has returned from school, donned the overalls, taken up the hoe and seems to enjoy getting back home.

Bert Skillings has returned, though we have not seen him passing by Katrine. The Esdon items will probably enlighten us.

We acknowledge the receipt of a box of strawberries, with compliments of Mr. and Mrs. Colby Skillings. They were beauties.

There will be a meeting at the Bay Lake school house Wednesday at 7:30 p. m., to arrange for the annual Fourth of July picnic.

A child of Mr. and Mrs. Rutger met with a painful accident. The end of a finger was cut off in the crack of an old tin dipper.

Mrs. Archibald will accompany Dave to St. Paul at the reunion of his regiment. This will be perfectly proper; if the wives will go along with the old fellows the usual guard house will not be needed.

ON THE DIAMOND.

St. Cloud will play Brainerd again Sunday in this city. The Brainerd team has been greatly strengthened and the boys are going after this game.

Commenting on the game Sunday at Aitkin between the team of that city and the one from Staples in which Tache of Brainerd pitched, the Aitkin Age has the following to say:

"The boys all played good ball in the field but were lamentably weak with the wagon tongue, securing only 3 hits during the 8 innings they came to bat, which does not speak well for such an aggregation of stickers as Aitkin has, and against a high school twirler at that. The Stapleites were sadly deficient in their throwing while their out field work was rank. Tasche pitched a very remarkable game for the support given him. We do not know who the next team to meet ours is to be, but we trust it will be some combination who can at least keep the Aitkin boys warm, for the people are turning out well and are paying their money willingly to see ball games but we believe it for the best interest of the game if our boys could secure some good strong team and give their patrons a first class article of ball."

FACTS ABOUT MONT PELEE.

Guy St. Pierre Was Fond of Monster That Destroyed Her.

Percy F. Marks, an English tourist who was all over the island of Martinique a few weeks ago, spent several days in St. Pierre studying the people, the customs and the conditions of trade, says the New York Journal.

"Was there any alarm felt by the people of Martinique when you left there?" was asked of Mr. Marks.

"Absolutely none. No one expected that the grand old Mont Pelee, the slumbering (so it was thought), tranquil old hill, would ever spurt forth fire and death. It was entirely unlooked for. Mont Pelee was regarded by the natives as a sort of protector. They had an almost superstitious affection for it. From the outskirts of the city it rose gradually, its sides grown thick with rich grass and dotted here and there with spreading shrubbery and drooping trees. There was no pleasanter outing for an afternoon than a journey up the green, velvetlike sides of the towering mountain and a view of the quaint, picturesque city slumbering at its base.

"There were no rocky cliffs, no crags, no protruding bowlders. The mountain was peace itself. It seemed to promise perpetual protection. The poetic natives relied upon it to keep back storms from the land and frighten with its stern brow the tempests from the sea. They pointed to it with profoundest pride as one of the most beautiful mountains in the world.

"Children played in its bowers and arbors; families picnicked there day after day during the balmy weather; hundreds of tourists ascended to the summit and looked with pleasure at the beautiful crystal lake which sparkled and glistened in the sunshine. Mont Pelee was the place of enjoyment of the people of St. Pierre.

"I wonder what the trustful, worshipful people thought when the great volcano began to frown upon them, when steam and fire began to rise from those beautiful, grassy slopes. Had some one, when I was in St. Pierre, told the natives that Mont Pelee would soon open up and hurl death at them they would have been laughed at. I can just hear the placid, forbearing natives say, Oh, no; old Father Pelee is our protector, not our destroyer! But no one suggested it, because no one even suspected it."

HEADQUARTERS TO BE IN BRAINERD

Supt. B. B. Teasdale, of the American Grass & Twine Company, Will Move Here.

IMPROVEMENTS AT BACKUS.

One Hundred and Seventy-five Men Will be Employed During Summer on Meadows.

Supt. B. B. Teasdale, of the American Grass & Twine Company, was in the city this afternoon enroute to St. Paul. He had come from Backus this morning, where he has been during the summer superintending the work of making improvements on the meadows belonging to the company near that place. The company has bought some 5,000 acres of land there and they are now ditching and building roads through the land and clearing it off. All this land will be used exclusively to raise grass for the grass twine plant in St. Paul. They have built a large shed at Backus for storage purposes 80 by 600 feet.

Mr. Teasdale stated this afternoon that it was the intention of establishing headquarters here in Brainerd and that he would in a few days move his family here. Eventually they will open offices here and this will be a sort of transfer station.

RICHARDS & PRINGLES' MINSTRELS.

The big minstrel performance, of Richard & Pringle will be at the Brainerd Opera House to-night.

The beautiful scenic settings for the first part of the big performance is an exact reproduction of a Japanese village, with its breezy luxuriant perspective and unique architectural conceits. The idea is refreshingly novel and add a striking oriental beauty and splendor to a usually stereotyped part of a minstrel show. Every feature of this big combination is presented in the same meritorious way—different from any other similar organization and of the very best.

Campbell Bros. Circus.

The big Campbell Bros. shows will be seen in Brainerd on July 2. This is one of the many press notices received by this organization:

Circus day comes but once a year in South Omaha. Yesterday the Campbell Bros. circus gave two performances and both were well patronized and highly spoken of by all. The Campbell boys, incidentally, are Nebraska natives, having left their father's farm at Fairbury ten years ago to try their hand at the circus business. They are regarded as thorough showmen, have built up an immense business and their show is noted for its scarcity of grafters and leechers, which usually follow a circus. Last night's performance crowded the big tent to its utmost capacity. —World-Herald, Omaha, Neb. Tues., May 27, 1902.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results.

LACE FACTORY CLOSES

SYMPATHY WITH THE STRIKING
MINERS LEADS THE OPERA-
TIVES TO QUIT.

LARGEST IN THE COUNTRY

Because the Manager Refused to Dis-
charge Five Girls Whose Relatives
Were Working in the Collieries as
Nonunion Men the Employees of the
Wilkesbarre Lace Manufacturing
Company Leave Their Situations.

Wilkesbarre, Pa., June 18.—Because
the general manager would not dis-
charge five girls whose relatives are
still at work in the mines, the Wilkes-
barre Lace Manufacturing company,
the largest in the United States, has
been compelled to shut down. Some
1,000 persons are affected. The lace-
makers and cotton workers are strong-
ly organized, and have been helping
the striking miners in every way pos-
sible. It appears the lace-makers
learned that relatives of the girls were
working in the mines and the girls
were given the alternative of either
quitting the mill or having their rela-
tives leave the collieries. Failing in
this the Cotton Workers' union re-
quested the discharge of the girls, but
the manager refused to comply. The
employees of the cotton department
thereupon quit. The manager then
asked the weavers what they intended
to do, and after a meeting the weavers
replied that they could not work with
"unfair" workers, and also quit. The
shutting down of the lace mill was the
only important development in the
Wyoming region. The general strike
situation remains unchanged.

There is a persistent rumor afloat
that nonunion men will be brought in
to the coal fields to mine coal. This
cannot be done because practically all
the anthracite miners in the country
are located in this region and all are
on strike. New men cannot take their
places because, under the laws of
Pennsylvania, no man can be employed
as a miner without first having ob-
tained a certificate showing that he
has had a two years' experience at
anthracite mining. These certificates are
issued by examining boards composed
of miners appointed by the presiding
judge of each county in which an-
thracite is produced. The only way
the companies can start their collier-
ies is by a break in the ranks of the
strikers. At present there is no indi-
cation of a break.

There was a mysterious air about
strike headquarters all day. President
Mitchell was unusually reticent, he
having not a word to say regarding
either the anthracite or the West Vir-
ginia strike.

A number of men attacked a coal
and iron policeman in South Wilkes-
barre and used him up rather badly.
Relief work among the striking mine
workers has been started in several
sections of the region, but to what ex-
tent cannot be definitely learned. The
eviction of strikers from their homes
is troubling some of the "locals," but
up to this time they have been able
to care for those who have been un-
able to pay their rent. The large per-
centage of the nearly 150,000 idle men
live in houses owned by the coal com-
panies.

WILD SCRAMBLE FOR LAND.

Fort Hall Indian Reservation Opened
to Settlement.

Blackfoot, Ida., June 18.—Exactly
on the hour of noon nearly 2,000 people,
old men, boys and Indians, who had
been waiting eagerly, some of them for
weeks, for the opening of the Fort
Hall reservation, rushed across the
line in a wild scramble for land and
mining claims. Every conceivable
kind of transportation was used. At
Blackfoot long before the noon hour
immense crowds of spectators formed
in front of the land office and in the
windows and on the roofs of adjoining
buildings watching for the first arrivals.
J. R. Mullen and F. E. DeKay of
Pocatello were the first to reach Black-
foot. Only twenty-seven filings were
made during the day. The filing of one
claim was completed before another
was taken up and the work was nec-
essarily slow. The scramble will con-
tinue for several days and numerous
contests undoubtedly will take place.

GERMAN MILITARY TACTICS.

General Von Bockund Pollach Ser-
iously Wounded by His Own Men.

Berlin, June 18.—General Von Bock-
und Pollach, commanding a division of
the German army, has been seriously
slashed by the lances of his own dra-
goons.
The general's accident was a singular
one. During the exercises the
troops of General Von Bockund Pol-
lach's command were charging across
the field at Tilsit, in Prussia, when the
bugle suddenly sounded "about face."
The general was immediately in the
rear of the line of charging troopers,
and after they turned he was caught
among the lances and was wounded.
The men did not know the general was
following them. He was seriously
wounded in the head and neck and
was carried to a hospital.

Iowa Supreme Court Justice Resigns.
Des Moines, June 18.—Justice
Charles M. Waterman, for four years
a member of the supreme bench of
Iowa, has tendered his resignation to
Governor Cummins to take effect July
1. He forms a law partnership with
ex-Congressman Joe R. Lane at Day-
tonport. He served on the district
bench at Daytonport for ten years.

Two Girls Drown in a Pond.

Markesan, Wis., June 18.—Maud
Moore and Amy Walker, fifteen-year-
old girls, were drowned at Kingston,
eight miles north of here while boat-
ing on a mill pond. The bodies have
not been recovered.

ILLINOIS DEMOCRATS.

State Convention Names a Ticket and
Adopts a Platform.

Springfield, Ill., June 18.—The fol-
lowing ticket was nominated by the
Democratic state convention: Clerk
of supreme court, John L. Pickering
of Springfield; state treasurer, George
W. Duddleston of Chicago; superin-
tendent of public instruction, Anson L.
Biles of Hillsboro; trustees of the
state university, Dr. Julia Holmes
Smith of Chicago, J. A. White of Ma-
bana and S. S. Paxton of Mountmor-
re.
John P. Hopkins was re-elected
chairman of the state central com-
mittee after a bitter contest with Carter
H. Harrison of Chicago.

The election of Chairman Hopkins
produced the only fight in the con-
vention, but it was stirring enough to
make up for the tameness that charac-
terized the other proceedings of the
convention.

The day was full of clashes between
Hopkins and Harrison. The two men
indulged in an acrimonious quarrel in
the St. Nicholas hotel during the
morning during which Hopkins bit-
terly resented criticisms made by Har-
rison of the campaign methods at-
tributed to Hopkins by Harrison.

The committee on resolutions had a
long and stormy session before their
report was finally adopted. They
were so long at their task that all the
nominations had been made and half
the delegates had left the hall when
the report was read and adopted.

The principal fight was over the first
plank in the platform. The platform
as adopted reads in substance as fol-
lows:

The Democrats of Illinois in state
convention assembled declare their ad-
herence to all the fundamental prin-
ciples of the Democratic party as let-
down in the Declaration of Independ-
ence and the Constitution of the United
States and repeatedly affirmed at
past Democratic conventions; demand
rigid enforcement of anti-trust laws;
denounce the tariff and demand re-
vision; denounce the Philippine policy
of the administration; condemn the
ship subsidy bill; favor liberal pen-
sions; favor Filipino independence;
denounce anarchy, and deplore Alt-
geld's death.

AMENDS BANKRUPTCY LAW.

House Passes Important Alterations
to the Measure.

Washington, June 18.—The house
spent the day considering bills re-
ported from the judiciary committee. By
far the most important measure was
that to amend the existing bankruptcy
law. The minority made a vigorous
effort to repeal the present law in toto,
but was overwhelmingly defeated, 65
to 137. The bill passed amends the
law in fifteen particulars to meet de-
fects which, it is said, experience has
proven. The most important amend-
ment is one to define preference, to
meet the supreme court decision in the
case of Pirie vs. the Chicago Title and
Trust company. Four additional
grounds for refusing a discharge in
bankruptcy also are added: First, ob-
taining property on credit on materi-
ally false statements; second, making
a fraudulent transfer of property;
third, having been granted or denied a
discharge in bankruptcy within six
years, and, fourth, having refused to
obey the order of the court or refusal
to answer material questions approved
by the court. An evening session was
held to consider bills reported from
the Indian committee.

The night session was devoted to
consideration of bills reported from
the committee on Indian affairs. Bills
to ratify and confirm the agreements ne-
gotiated by the Dawes commission
with the Creek, Kansas or Kaw In-
dians of Oklahoma were passed, and
the bill to ratify the agreement with
the Choctaw and Chickasaw Indians
was under consideration when the
house adjourned at 10:30.

GOULD FOR GOVERNOR.

Maine Democratic State Convention
Meets at Bangor.

Bangor, Me., June 18.—The Demo-
cratic state convention nominated
Hon. S. W. Gould of Skowhegan for
governor, adopted a platform which
deals at some length with national is-
sues and listened to a political ad-
dress by Congressman Champ Clark
of Missouri. Throughout the entire
convention enthusiasm prevailed.
The platform in discussing national
question says: "We deplore the pol-
icy which has created occasion for
acts of cruelty and barbarism in the
Philippines which no party dares up-
hold. We denounce the policy of im-
perialism as practiced by Spain in
Cuba, by the British government in Amer-
ica before the Revolution, by Great
Britain in South Africa and by the Re-
publican administration in the Philip-
pines. We believe that the liberation
of Cuba was forced by the Democratic
party and that the same liberty should
be granted in the Philippines."

MAY BE A LYNCHING.

Drunken Negro Kills His Partner and
a Woman.

Wheeling, W. Va., June 18.—At Con-
nerville, a mining village back of Port-
land Station, O., Charles Scott, a ne-
gro, shot and killed Mrs. John Dull,
a Hungarian woman, and Samuel Jones,
a partner of Scott. Scott, who was
drinking heavily, went to Mrs. Dull's
house and demanded that she give him
something to eat, and, on being re-
fused, shot her above the right eye.
He returned to his own cabin and shot
Jones dead. The infuriated Hungari-
ans have now surrounded the cabin
with the intention of lynching Scott.
The sheriff of Jefferson county and five
men are now on their way to the scene.

Favors a South Dakota Park.

Washington, June 18.—A favorable
report has been authorized by the sen-
ate committee on public lands on the
bill creating a national park around
the famous Wind cave in South Da-
kota. The purpose of the proposed leg-
islation is to protect the cave from
vandals.

Cholera Increasing in Shanghai.

Washington, June 18.—Consul Gen-
eral Goodnow, at Shanghai, has cab-
led the state department that cholera
is on the increase in Shanghai, there
being about thirty foreign cases. A
large number of the natives are dying
daily.

CORN ON THE RAMPAGE.

Unfortunate Shorts Have a Rapid and
Exciting Chase.

Chicago, June 18.—Corn went on the
rampage, and, headed by the bull
crowd that has cornered July options,
lead the unfortunate shorts a rapid
and exciting chase. Early in the day
the word went around that the screws
were to be put on the shorts long be-
fore the settling day. Nervousness
permeated the pit and soon the shorts
began to accept the inevitable and got
out of their deal with as little loss as
possible. A tight hand was held on
much of the corn early, but soon the
market ran away. The bulls did not
seem to care to keep it in check and
the day closed with a net gain of 3 1/2

Warships Going to Venezuela.

Washington, June 18.—The cabinet
discussed the situation in Venezuela
and decided that one or two warships
shall be sent at once to La Guayra.
This action was taken upon definite
advice, but in pursuance of the
general policy of looking after Ameri-
can citizens in cases of disturbances.
It is expected that the Cincinnati and
the Topeka, now at San Juan, Porto
Rico, which have been held in readi-
ness for this very service, will be dis-
patched at once to Laguna, where
they should arrive before the end of
the week.

A. Hobbs.

Two Men Drown Themselves.

Ottawa, Ont., June 18.—News has

were seen crossing the railroad bridge
over Ottawa river some distance above
Chaudierre Falls. When they reached
the third pier, where the water runs
swift and deep, they plunged into the
stream. Workmen near the shore saw
them float down the stream and over
the falls. The bodies have not been
found.

The Real Drummer.

"The term 'drummer,'" said a trav-
eling salesman for a Market street
wholesale house, "has come to be re-
garded as synonymous with cheek,
flashiness and dissipation. Just why
this should be I don't know, unless
people get the idea from stage jokes
and comic papers. Perhaps years ago
there was some justification for it,
but there is no room for that sort of
man today. Competition is too keen.
The traveling salesman who stands
well with his trade and with his own
firm must attend strictly to business.
It may sound strange and contrary to
general belief, but most men in any
line of work are of a religious turn.
Some get into the church-going habit
while stopping over Sunday in small
towns, where there is nothing else to
do. They get interested in religion
and wind up by joining the church.
Then, too, the country merchant is
usually a man of affairs in his town
and is generally a pillar of the church,
and the churchgoing drummer is apt
to make a greater impression on him
than does one who is more worldly."—

RHEUMATISM

CAN ONLY BE CURED THROUGH
THE BLOOD

Your rheumatism is just like all others,
and for the same reason that they are not
cured, you are not cured. There is only one
Guaranteed Cure for rheumatism in the
whole world today, and that is MEDERINE.
Everything else sold for rheumatism is
simply "recommended," while MEDERINE
has an absolute, bonafide guarantee that it
will do the work quickly and thoroughly and
not leave a tinge of it behind. There is no
mistake about this, for this company is not
giving money away for nothing. MEDER-
INE acts directly and specifically through
the blood, and the blood only. It eliminates
every trace of blood impurity, goes right to
the seat of the trouble and at once removes
the cause. We have hundreds of testimo-
nials on file from people who were cured by
MEDERINE after paying enough for other
"cures" to buy a farm. The longer you trifle
with rheumatism the worse it will be for
you, therefore do not delay. Write MEDER-
INE REMEDY CO., West Superior, Wis., for
their system of treatment. All letters an-
swered.
